

Transport Services to and from the Leighton Buzzard Rugby Club

Bus Service:

- Arriva Bus 32 – Leighton Buzzard Town Centre to Stanbridge

Additional services have been put on for the purpose of the vaccine and the service will now be hourly. The bus will pull into the vaccination site to drop off and collect patients.

| ○ Dialacar taxis | (01525) 850605 |

Buzzer Buses:

Buzzer Buses are a charity that exists to help people who cannot use regular public transport services through age, disability and other issues or where there is no suitable public transport service available.

They are happy provide a 'patient booked' service to and from the Leighton Buzzard Rugby Club for the purpose of the COVID vaccination. There is a small cost of £2.50 each way/£5 return to use the service, depending on the starting destination (and for the vaccination programme only) they have agreed to waive their usual £10 annual subscription fee.

Leighton Buzzard Voluntary Patient Transport (LBVPT):

Leighton Buzzard Voluntary Patient Transport (LBVPT) provides transport to local hospitals for the elderly and vulnerable who can't get to them without assistance and who don't qualify for NHS help.

Travel to the COVID Vaccination Centre may be difficult for some elderly or vulnerable adults in our community, especially those who cannot afford a taxi, who find public transport difficult to use or who unable to get a lift with friends/family.

LBVPT is a charitable organisation that usually asks for a donation to use the service but for the purpose of the COVID vaccination programme, they have waived this fee.
